70" INTERACTIVE TOUCH DISPLAY

70” INTERACTIVE TOUCH DISPLAY

“The etched glass not only defuses the light, increasing readability but also makes touch movements smoother; essential when there are six touch points”

EASY ACCESS FRONT CONTROLS AND PORTS

Connect your laptop directly to the Interactive Touch Display with no fuss.

EASY TO MOVE THANKS TO OPTIONAL TROLLEY STAND

Either install onto a classroom wall or invest in a fully portable trolley stand - allowing for improved diversity. Use in any classroom you like or even the assembly hall for playing DVDs.

YOUR FINGER BECOMES THE MOUSE

Use your finger, stylus or anything else as your cursor. Also supports multi-touch, much like a smart phone, creating a whole new opportunity for group leaning and interaction.

e-Mail: sales@hantarex.com

MULTITUDE OF ADVANTAGES OVER PROJECTORS

Sharper image and greater contrast provide drastically superior readability and doesn't take its toll on your eyes. Also designed to last 16 times longer than most projector lamps and doesn't create annoying shadows.

RUNS FROM INTERNAL PC OR LAPTOP

You can either run the Interactive Touch Display directly from your laptop or invest in an internal PC.

ENVIRONMENTALLY FRIENDLY LED BACKLIGHT

LED backlights offer improved brightness, contrast, lifespan and power consumption. Unlike other forms of light this technology is mercury free; making it even more eco-friendly.

Hantarex International Limited

POSITION

Begin by wheeling your Interactive Whiteboard where ever you want to use it.

CONNECT

Connect to your laptop via USB and HDMI cables (or run from internal PC).

GO!

Away you go! Open the door to interactive group learning.

Screen Size	**70 inch**
Display Area (WxH mm)	1553.4x875.6
Aspect Ratio	16:9
Brightness (cd/m2)	500
Contrast	5,000:1
Viewing Angle	178°
